

# Rock Park Lodge

The Town Council has now established its ownership of Rock Park Lodge, which has lain empty and disused for many years.

This Grade II Listed building sits at the entrance to Rock Park on Ladies Mile and was previously the park-keeper's home.

The building is now used by a community arts group as their headquarters and it is hoped to restore the wood panelled rest room in the lodge for public use, subject to the Town Council having sufficient funding available.
